

2015-2016 Annual Report

"I had no idea how much those early childhood experiences affected every aspect of my life, but with Shepherd's help, I have learned so much about myself. I have been given tools to use and other resources to assist me in everyday living.

There were times when I wanted to quit because it was too painful, but I know that without Shepherd's Counseling Service and their staff, I can only imagine where I would be today."

We unite to create a safe place to achieve a crucial mission:

to restore the hope and dignity of adults who have been sexually abused in childhood through specialized and affordable therapy, community education, and public advocacy.

Shepherd's Counseling Services

Year in Review

A record-breaking number of new clients began healing at Shepherd's Counseling Services with the caring support of our community.

Survivors continued to receive the support they needed for sliding-fee services, keeping therapy affordable, and most of the need was met for scholarships.

Looking Ahead

The need for scholarship support continues to be high. We continue our dedication along with scholarship donors to helping all survivors find healing.

2016-2017 also celebrates our Premier Fall Luncheon. We are excited to grow the branches of a compassionate community of support together.

"Thank you, from the bottom of my heart! I would like those who were in group with me to know that they have changed my life immensely. I owe them a debt of gratitude for sharing their strength and vulnerability with me in ways that has powered me through these last few years."
